

Useful tools and resources

You'll find some useful tools, bits of software and other helpful things in this area.

Software

Egress. Software for sending emails securely, if for instance, they contain personal or confidential information.

This software has been approved by the three Councils who have bought it under licence. If you do not work for one of the Councils but receive an email from someone who does you do NOT need to pay for a license, or buy the software.

- [Information for staff about Egress who DO NOT work for one of the 3 boroughs](#)
- [Information for staff about Egress who DO work for one of the 3 boroughs](#) (there is also more information about Egress on TriBnet)

Publications

[Understanding tactile paving for blind and partially-sighted people at pedestrian crossings](#) (LBHF 2015). This is a guide for professionals including local authority planning and highway officers, highway engineers and contractors responsible for tactile paving at pedestrian crossings. There are helpful tips and drawings to illustrate different situations that make professionals aware of little things if corrected will make a big difference to blind and partially-sighted people.
