

Community Pharmacy Questionnaire

Community Pharmacy Questionnaire

If you live, work or study in Westminster, Kensington and Chelsea or Hammersmith and Fulham we would like to hear from you about your local pharmacies.

We are keen to understand what people use community pharmacies for and how they feel about the services being offered. Community pharmacies provide over the counter medication as well as those that your GP prescribes. They also offer a lot of other services including healthy living advice.

What you tell us will help us in producing a local 'Pharmaceutical Needs Assessment' (PNA). This helps NHS England ensure everyone living in your borough has the right access to pharmacy services. Your view counts and will help shape the way services are being delivered from your local pharmacies.
