A healthy home

We all know the environment around us plays an important role in our health. There are a number of things that you can do to keep your home safe and healthy.

- Cold
- Damp
- Mould
- Dust
- Carbon Monoxide
- Pest control
- Hoarding
- If there's a health or hygiene issue with your home...

Other information

Kensington and Chelsea

Homes4Health supports residents of Kensington and Chelsea who live in homes where there are problems with cold, poor insulation or damp, dangerous electrical installations, broken steps or banisters, or other issues which could pose a risk to the health of residents.

They can offer information and advice, and in some cases may be able to access grants to help you to improve the condition of your home.

Hammersmith and Fulham

Green Doctor is a partnership of London Borough of Hammersmith & Fulham with Groundwork London to help make your home warmer, saving you money and improving your health. Green Doctor visits provide guidance on efficient energy usage in the home, understanding heating systems and installation of small energy measures.

Westminster

If you would like to receive independent advice on housing, or on benefits, legal issues, accessing care and support, your rights as a carer, and a range of other issues, then you can contact Citizens Advice Westminster.
